University of Southampton

Universiteit Utrecht

TURN!

- KDDI Reserch, Tokyo – Exjobb/Thesis/Internship
- SEL Semiconductor Energy Laboratory, Tokyo – Exjobb/Thesis/Internship

PROCEDURE OF APPLICATION

1. Where do you want to go? Why and When? Look at the homepage for alternatives. The exchanges on faculty level can be found on <http://www.teknat.uu.se/student/utlandsstudier/fakultetesutbyten/>
2. Some general information about universities can be found at www.moveonnet.eu
3. Apply to be nominated using this form.
4. If you are nominated a new application should be done to the partner university according to their routines and deadlines. This is up to you as a student to look into and send in.
5. Normally the contact person at UU does not have specific information regarding specific courses at the partner university. However, the contact person might provide you with some extra information such as contact information to a contact person at the partner university.
6. In the context of Erasmus exchange a so called Learning Agreement needs to be prepared where both universities and the student agree upon the selected courses.
7. Information about scholarships and other things will be presented on a pre-departure meeting in May.

ATTACHEMENTS:

Attach the following documents to your application:

1. Personal motivation letter in the language of instruction.
2. A preliminary suggestion of courses.
3. Transcript of records of (if existing) studies outside UU.
4. CV.
5. If the exchange includes a degree project a letter of recommendation from the examiner and subject reader is required.

SEND OR HAND IN TO

International Officer – Ångström Student Service
Email: exchange@teknat.uu.se
By mail: Kansliet för naturvetenskap och teknik, Enheten för studentservice,
Box 536, 751 21 Uppsala

The application can also be handed in at the Student service reception at Ångströmlab.
